

Ralph Lauren Expands West Coast Presence with Fashion Island Store

The Newport Beach location introduces Ralph's Coffee to California

JANUARY 20, 2026 – NEW YORK, NY – Ralph Lauren (NYSE: RL) today opened its newest store and Ralph's Coffee located at Fashion Island, in Newport Beach, California, marking the brand's continued expansion on the West Coast and first Ralph's Coffee location in California. The store brings to life the immersive worlds that Ralph Lauren creates, with consumers able to shop products across Polo Ralph Lauren, Double RL, Women's Collection, Men's Purple Label and a selection of curated accessories.

Centrally located within Orange County, Fashion Island offers a vibrant, open-air shopping experience surrounded by palm-lined walkways and scenic ocean views. The store's architecture is inspired by the region's coastal ease and Mediterranean feel with tall arches, deeply set windows and refined wrought-iron accents, evoking a sense of romance and timeless sophistication. Inside, the space balances rustic ease with tailored refinement, featuring hand-painted surfaces, exposed timber beams and warm wood flooring that create a layered, inviting atmosphere reflective of the brand's signature design sensibility.

First introduced in New York in 2014, Ralph's Coffee has quickly become a beloved global destination, and now for the first time on the West Coast, consumers can experience the brand's unique hospitality offering. Guests can enjoy signature coffee blends – Ralph's Roast, Decaf and Espresso – made from USDA organic coffees, featuring organically grown beans from Central and South America and Africa, as well as an assortment of teas. A selection of classic American desserts will be available, including Chocolate Chip and Oatmeal Raisin cookies, pastries and Ralph Lauren Ice Cream.

Ralph's Coffee at Fashion Island features hand-finished walls, artisan green tile and dramatic lighting, all anchored by a patterned tile floor that evokes Ralph Lauren's timeless aesthetic. This location will also offer a curated assortment of Ralph's Coffee apparel and accessories – signature totes, graphic tees, hats, and mugs – as well as an exclusive Newport Beach Mug.

Strengthening the Company's footprint on the West Coast, this new location reinforces the continued focus on expanding Ralph Lauren's consumer ecosystem across key cities as part of its [Next Great Chapter: Drive](#) strategy.
